

FlySentry

A REFILLABLE FLY BAIT STATION

NEW!

THE FLY BAIT STATION YOU'VE BEEN LOOKING FOR IS

HERE!

STABLES

Modern fly bait has been around for years, but there has never been an ideal way to house the bait. Until now.

Introducing FlySentry - a rugged, reusable, refillable fly bait station that maximizes bait effectiveness while protecting the bait from the elements.

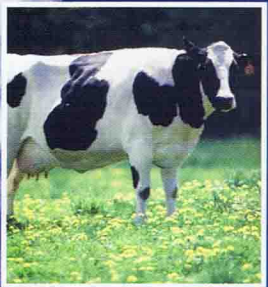

Designed by pest control professionals, FlySentry is effective, easy to use, efficient, economical, environmentally friendly, and safe to use around livestock. FlySentry is intended to use with modern fly baits, available separately.

Perfect for use in or around all potential fly habitats:

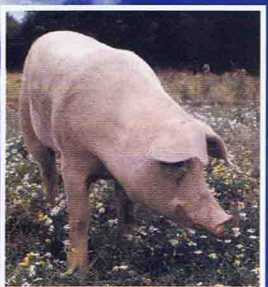

- * horse studs
- * stables
- * equestrian centres
- * dairies
- * piggeries
- * poultry farms
- * feed lots
- * sheep farms
- * cattle stations
- * abattoirs
- * wineries
- * restaurants
- * food manufacturers
- * food stores
- * garbage dump bins
- * outdoor eating areas
