

# FLYING INSECT CONTROL GLUEBOARD

## Discreet series To harmonise with dining & hotel reception areas

### D11 HyGenie

Indistinguishable from a wall light, the HyGenie is ideal for lobbies and dining areas. It is silent in operation and caught insects are hidden from view.

Area of coverage	25m <sup>2</sup>
Lamp	1 x 11 Watt
Power consumption	18 Watt
Size	300 x 100 x 150mm
Weight	1.5kg
Finish	brushed stainless steel
Mounting	wall mounted

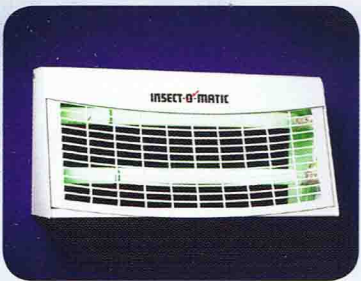

### D301 Uplighter

Covering an area of up to 40 square metres, the D301 is ideal for large lobbies, bars and dining areas.

Area of coverage	40m <sup>2</sup>
Lamps	1 x 15 Watt
Power consumption	21 Watt
Size	530 x 153 x 190mm
Weight	2.9kg
Finish	silver polyester coated zintec steel
Mounting	wall mounted

## Industrial series For commercial properties, factories & warehouses

### IND35

This unit has shatterproof lamps as standard and features superior glueboard performance and easy installation. Also available with louvred front panel for areas where discretion is required.

Area of coverage	120m <sup>2</sup>
Lamps	2 x 15 Watt shatterproof
Power consumption	38 Watt
Size	510 x 150 x 235mm
Weight	6.5kg
Finish	white polyester coated zintec steel
Mounting	wall mounted, free standing

### IND50

The more powerful IND50 is fitted with shatterproof 20 watt lamps & larger capacity glueboard, giving increased coverage to 180m<sup>2</sup>. The extra large, long life glueboard ensures maximum protection even in areas with high insect pressure.

Area of coverage	180m <sup>2</sup>
Lamps	2 x 20 Watt shatterproof
Power consumption	52 Watt
Size	630 x 150 x 320mm
Weight	7.5kg
Finish	white polyester coated zintec steel
Mounting	wall mounted, free standing

### IND65

The ultimate in Glueboard power, this unit is built to IP65 dustproof / waterproof specifications and covers a massive area of 400 square metres. Also available in food grade stainless steel.

Area of coverage	400m <sup>2</sup>
Lamps	4 x 20 Watt shatterproof
Power consumption	104 Watt
Size	690 x 205 x 400mm
Weight	12.0kg
Finish	white polyester coated zintec steel or stainless steel
Mounting	ceiling suspended

- Tool-free maintenance for ease of cleaning & lamp replacement
- High performance Synergetic UVA - Green Lamps for enhanced insect attraction
- All metal construction from Zintec steel with polyester finish for strength & durability
